Subsidy Eligibility

[Specified logistics businesses]

Business facilities that intensively conduct sorting, storing, packing, unloading, etc. of goods to be delivered in a facility that is not used for the purpose of directly providing products and services to customers.

The above excludes business facilities that only conduct sorting and storing of goods to be delivered.

Subsidy for Promoting Establishment of Specified Logistics Businesses

Subsidy Requirements

Amount equivalent to fixed asset investments related to establishment of facilities: **300 million yen** or more

○Acquisition: "Amount equivalent to fixed asset investments" is defined as a value calculated by multiplying acquisition price by 0.5 for land, 0.7 for building, and 0.7 for manufacturing equipment.

○Rental: "Amount equivalent to fixed asset investments" is defined as a value calculated by multiplying monthly rental costs by 100 for land, and 70 for building.

However, the upper limit for monthly rental costs is 500 yen/m² for land, and 8,000 yen /m² for building.

○Subsidy requirements will be reconfirmed when one first apply for the subsidy.

Application Procedure

To be designated to receive the subsidy, in principle it is required to conduct a prior consultation before expressing the intent to establish a project, and to submit the subsidy application at least **30** days in advance of starting a project.

For 5 years after the last fiscal year in which the subsidy was received, a report of operational continuity must be submitted. If the report is not submitted, or the project is discontinued or stopped, repayment of the subsidy may be required.
